

## Discontinued bus service has hurt Senior Citizens

BY PAULINE TIFFANY

Yes, Virginia. There is still some hope for restoring bus service on Euclid Avenue. But not much.

This particular Virginia is a seventy-three year old Upland resident who has asked the Upland News, "What will the old folks do, if there are to be no busses?"

Our Virginia lives on a fixed income of less than \$100 a month. And until the busses quit running on Euclid Avenue that was enough for her "to get by on." But now she must take a cab to visit her doctor twice each month. The two cab trips cost \$12. She could ride the bus for \$1.40. Thus her monthly expenses have increased by more than ten per cent with no place to get the extra money except from County Welfare.

When the O-U busline discontinued service on Euclid Avenue between Ontario and Upland several weeks ago, it barely drew a nod from the two, three, and four-car families of the two communities.

"The notice to discontinue service was duly published," a spokesman for the State Public Utilities Commission said, "but not one protest was received."

Even if the senior citizens and the low income families who are hardest hit because the busses have stopped running had read the public notice and had wanted to protest at a public hearing, many would have had no way to get there.

"Many senior citizens relied on that Euclid Avenue bus as their only means of transportation," said Wilbur J. Shourds,

president of the Fun-After-Fifty Club. "They shopped in the stores and visited the doctors located on the O-U line. They never had any reason to stray very far from it."

Shourds said participation in Fun-After-Fifty activities held for the most part at Upland Memorial Park, dropped sharply when the busses quit running. The one ray of hope on the horizon is a California Assembly Bill to create revenue for local transportation needs through gasoline sales tax.

Elwin Alder, city manager, said the city staff is watching the bill closely. If and when money for local transportation becomes available, he said the cities of Upland and Ontario will study the possibility of operating their own busline between the cities or contracting bus service from the Southern California Rapid Transit District.

Without gasoline sales tax money from Sacramento it is not likely that the RTD will ever run a bus between Ontario and Upland even though at one time they did try to buy the O-U busline.

An RTD spokesman said most expansion of service is being done in Los Angeles County because of L. A. County sales tax monies being diverted to the RTD for public transportation. "We are doing very little expanding outside Los Angeles County," he said.

Members of the Fun-After-Fifty Club and Funero, a senior citizens club in Ontario, have begun a letter writing campaign urging the California legislature to divert public transportation funds to the two cities.

Assemblyman John Quimby (R-72) said in a telephone interview that Assembly Bill 544 was passed by the Assembly on June 3, and is presently in the Senate Revenue and Taxation Committee.

Quimby said the bill was first introduced Feb. 17 and is moving along at a good speed. "Anyone wishing to influence the Senate Revenue and Taxation Committee should write at once to Senator Walter Stern, chairman, (D-Bakersfield), State Capitol, Sacramento."

"The Bill is alive and moving quickly. Time is so important," he said. Senator Wm. E. Coombs (R-20th) is also on the Revenue and Taxation Committee.

## Council oks building but architects say 'no'

Looks like the right hand does not always know what the left hand is doing in city government either.

Set on the agenda for the Thursday, Sept. 16, meeting of the Upland Architectural Commission is a review of a "new building design" from Tastee Products of California for a drive-in facility they propose to build in Upland.

It seems the Architectural Commission does not like the A-frame structure designed by Tastee Products to "establish a national image" even though the Upland City Council granted a conditional use permit to allow the proposed facility only after seeing a color photograph of an existing Tastee Products building.

A conditional use permit to allow construction of the drive-in restaurant in a C-4 zone on the west side of Mountain Avenue approximately 150 feet north of Eighth Street was granted at the August 16 City Council meeting.

The request for a CUP had failed to carry at the August 2 council meeting when it was deadlocked in a two to two vote with Councilman Max Hawkins absent. It came up again on the August 16 agenda after petitioner Arnold

Anderson asked for a full council vote.

Councilman Ronald Rossitter was not warm to the proposed facility because he did not like those "ugly square buildings," that you see on Foothill Boulevard.

A Tastee Products representative quickly produced a color photograph of an existing facility constructed in the A-frame design. The council decided it was "aesthetically acceptable," and granted the CUP.

Thomas D. Harris, chairman of the Upland Architectural Commission, does not think so.

When the site plan was presented to the Architectural Commission Sept. 2, Harris said he felt that the proposed building design "would clobber the eye of the beholder."

The Commission voted unanimously to ask Tastee Products to "develop a new design concept of a building and landscaping at this site in order to contribute to the image of an attractive Upland."

A spokesman for Tastee Products said a new site plan will be presented to the Architectural Commission "and hopefully it will be what they want."

### Colorful tradition

The Mountie on horseback--his scarlet tunic, his sleek horse--has become a symbol of Canada throughout the world, and has given the Royal Canadian Mounted Police a place in history, in song, and in law enforcement. The colorful musical ride of the smartly-garbed Mounties brings this glamour to Pomona for all performances of the free grandstand shows at the Los Angeles County Fair. Starting Friday, Sept. 17 and running through Sunday, Oct. 3, the Mounties will ride nightly at 8 and at 2 and 7:30 on Sundays.

## County taxes up--but could be higher

Property owners will pay more taxes in San Bernardino County this year but increase is smaller than that facing residents of neighboring counties.

As property tax rate increases of as much as 59 cents per \$100 of assessed valuation were being approved by counties throughout Southern California, the San Bernardino County Board of Supervisors has adopted a tax rate of \$3.0072 representing an increase of only 13 cents.

"The increase of 13 cents will mean that the owner of a \$20,000 home, assessed at \$5,000 will pay about \$6.50 more in county taxes than he would have at the old rate."

The Supervisors were originally confronted with departmental requests totaling nearly \$185 million that would have necessitated an increase of at least 30 cents. However, after weeks of cutting, the Board adopted a total budget of \$173,029,510 late in July.

In moving adoption of the new tax rate, Second District Supervisor Daniel D. Mikesell said "I would like to re-emphasize once more that we are merely funding a budget that we very, very carefully went over in all thoroughness and blacked out everything we possibly could and still bring about the needed services for the people of this County."

The Board of Supervisors adopted the tax rate by a 4-1 vote with Fifth District Supervisor Nancy E. Smith dissenting.

An increase of 59 cents was adopted in Santa Barbara County raising the tax rate to \$3.60. Los Angeles County's rate climbed to \$4.43 after an increase of 34 cents.

Property owners in Orange County will see an increase estimated at 33 cents. San Diego County will be up 20 cents and Ventura County 17 cents.

In addition to adopting the county-wide tax rate and the rates for Board-governed special districts, the Supervisors also ratified property tax rates set

by 14 incorporated cities, approximately 70 self-governed special districts, and more than 35 school districts over which the Board has no control.

Mikesell pointed out that the Supervisors do not adopt the budgets or tax rates for these agencies and are not responsible for many of the items which appear on the tax bill.

Also included in the action taken by the Board was an equalization aid amounting to more than 12 cents on a county-wide basis in addition to the regular county tax rate.

Supervisor Smith noted that this taxation is the result of termination by the State Board of Equalization that San Bernardino County, like nearly all other counties, has assessed its

property below the 25 percent of market value required by the legislature.

In commenting on the \$3.0072 county tax rate, Mikesell said the 13-cent increase could have been avoided by anticipating more revenue from other sources.

The Second District Supervisor was quick to point out, however, that this is an unsound budgetary practice and that counties using this method to avoid tax rate increase run a high risk of having no money before the end of the fiscal year.

County Administrative Officer Robert A. Covington reported that the budget is based on practical revenue estimates and that, barring unforeseen problems, no financial difficulties should be encountered during the 1971-72 fiscal year.

The Administrative Officer said it was too early to predict the effect of the current price freeze, but added that whatever savings are gained will result in a larger balance at the end of the fiscal year and be beneficial in formulating next year's budget.

Covington also noted that the current budget is the product of more extensive study by the Administrative Office than has been possible in previous years.

"This year's budget process was a more thorough review and analysis than any in the history of the county," Covington told the Board of Supervisors. "Because of that I think you have a better budget. Otherwise you could very well have had other tax rate increases."

### Police report upsurge in thefts

## Public 'taking' to bicycles

The public is taking to bicycles in more ways than one, according to a recent report by the Upland Police Department.

The present upsurge of popularity in bicycling that has increased to the point where some stores have back ordered bicycles for up to eight months has also created an upsurge in bicycle thefts.

The Upland Police are deluged with reports of bicycle thefts. More than 200 bikes, representing a property loss of some \$9,000 have been reported to the police during the first half of this year.

Recovery has been difficult due to the fact that a majority of the thefts are no longer com-

mitted by local youths who are interested only in their temporary use, a police department spokesman said.

The police spokesman said that while the department recovered more than \$1,000 in late model ten-speed bicycles last week due to a "special enforcement tactic," there are still many stolen bicycles that are never recovered.

He said several programs have been instituted to cope with the bicycle theft problem. Bicycle owners are being encouraged to license their bikes with the Police Department. Each year a number of bicycles must be auctioned, which otherwise could have been returned to their owners had they been licensed.

Patrol officers are also making inspections of bikes during their tour of duty to determine if serial numbers have been altered or removed.

The Penal Code makes it a misdemeanor violation to possess identifiable property where in the manufacturer's serial numbers have been altered or removed, he said.

Undercover tactics by an Upland detective last week resulted in two arrests that led detectives to six other suspects.

All the suspects had expensive bicycles in their possession with serial numbers completely removed. All the bikes were proven to be stolen locally and returned to their owners.

The Fiesta Queen will see the giant flowers on every corner as she rides in the parade through the streets of Northtown and at the Saturday evening dance over which she will preside.

## READERS' FORUM

Public transportation suggestion

Dear Editor:

In the days when I had no car and rode public transportation, I always felt the worst aspect of it was the infrequency of rides, the frustrating waits at transfers, and even poorer service on weekends -- if any.

I have had an idea in the back of my head for years, but have not been able to come up with a probable implementation of the idea, so I am writing to you, with the hope someone might add to the idea and make it feasible.

The idea: To somehow license the cars that are driving anyway, to pick up passengers and take them at least a part of the way, or to a turn off along the way -- much as a hitch-hiker does.

The main drawback to the idea, I realize, is the

protection of both driver and passenger, but if the driver were to apply for a license and receive some sort of a sticker to show he had been screened for performance, and if the government could somehow assume the liability for passenger protection when in such a car with payment perhaps to be on some sort of a ticket and stub plan, with rider purchasing script and the driver turning in script for reimbursement whenever he felt so inclined -- say for \$10 or more.

Not only would such a plan help the one who needs a ride, but some of the one-passenger cars contributing to the eternal smog would perform a dual service.

Perhaps some sort of a pick-up place could be established at freeway on

and off-ramps, at designated 2- or 3 block distances in heavier populated areas.

Somewhere along the line a suggestion was made for a jitney service to accommodate the housing areas where even getting to a planned "ride" is a problem. And it seems a good one. But hundreds of thousands of us are on the streets at every moment of every day who could contribute to such a service but who would disdain to pick up a "hitch-hiker." But the possession of a book of script and perhaps either a "badge" or a designated "station" could take care of some of the problems involved.

If anyone can add to this or even thinks it has some merit, perhaps it might somehow snowball.

Sincerely, DMC

### Cheers for BUSD board

Dear Editor:

The time has come to put your convictions on the line for the children of San Dimas and La Verne. Three cheers for the members of the Bonita Unified School District Board for having the courage to press for a tax override. We citizens of the district are all very aware of the financial strain which our schools have operated under recently. Now its up to us to squarely face up to our responsibility to do something about it.

Under very able leadership from both the Board and the Administration, the budget has been substantially reduced, but to a danger-

ously inadequate level. Teachers and other district employees have cooperatively accepted no salary increases. Classroom supplies have been reduced. It sounds as though they have done all they can. Now the responsibility is ours.

Walk around town and ask people what kind of educational opportunities they want for their children. I'll bet not one will reply, "an inadequate second-rate one." On the other hand, no one wants a school budget padded with unnecessary and frivolous expenditures. I don't think we've got much to worry about our Board spending money recklessly... their

record for careful scrutiny of the budget, coupled with genuine concern for our children speaks for itself.

But let's not kid ourselves, the cooperation and pulling together demonstrated by the Board, Administration, Teachers and Classified Personnel is based on their conviction that we, the community, are behind them... that we will respond when they truly need our help.

That time is now. The reduced departmental expenditures will become very apparent as we roll into the coming school year.

We've got an exceptionally fine group of educators teaching our children. I think it's darn well time we told them so and we actively support the tax override election set for November 23rd. Pushing the election by teachers and administrators alone will fail! The recipients--the children--can't vote! Therefore it's up to us, the citizens, to get together and convince our neighbors of the importance of the override.

Our newly enfranchised 18-20 year old voters are probably more aware of the problems than anyone else. What a great way to get them personally involved in something local that really counts!!

Let's hope everyone gets behind the election. It's our job, our responsibility, our duty! "Tom" Burton Watterson Superintendent of McKinley Home for Boys

### Vacation days

By the time you read this, I will be in San Francisco on the last lap of my summer vacation. San Francisco ranks as one of my favorite cities and I'll enjoy it to the hilt, riding the Cable

Cars, seeing Chinatown and, of course, Fisherman's Wharf will come in for its share of time and that is only for starters. I hope you all had a nice summer filled with memories and that the holidays, which are just around the corner, will not be too hectic.

### Distinguished honor

Ron Kranzer, left, receives the Distinguished Civic Service plaque on behalf of the City of San Dimas, presented by Councilman Stanley Plummer. The plaque was awarded at a dinner in honor of Kranzer, who is leaving his post with the city to join the Pomona City staff. Kranzer has served as public works director for San Dimas since 1966. At the banquet, held at Via Verde Country Club, a humorous program was presented, during which Kranzer received and gave many gag gifts to fellow employees. Kranzer also received a resolution of commendation from the City Council and a handsome attache case from fellow employees.

# Happy birthday Mrs. Stump

UPLAND -- Up in San Antonio Heights, in the house she has lived in since 1918, Mrs. Lulu M. Stump recently celebrated her 90th birthday. Her son, a Santa Monica doctor, and her daughter, Mrs. Mary Mingo of Ontario, helped her celebrate with a family dinner at the Magic Lantern. Mrs. Stump declined to have her picture taken by the Upland News for her 90th birthday because, "The young people look so nice in the newspaper." But she was clearly excited about the family celebration with the two children she reared almost singlehandedly after being widowed many years ago. She still lives much the active life that helped her to rear her family. She does much of her own watering and gardening and enjoys a lot of "company."

## Life can be fun and is - - for local club's members

UPLAND - "Life can be fun after Fifty, but you have to get up and get out to be where the action is."

That is the opinion of Wilbur J. "Bill" Shourds, president of the Upland Fun After Fifty Club and overseer of some twenty monthly activities for the club's 300 members.

Shourds is a tall, courtly man who believes "the good old outdoors is great for the system."

Fun After Fifty activities are held for the most part in Upland Memorial Park and weather permitting they are always held outside.

Club members meet Monday, Thursday and Friday mornings at 9 a.m. for shuffleboard.

The regular meeting is held the second Wednesday of each month at 1:30 p.m. On the fourth Wednesday a monthly potluck is held which begins at 12 noon.

Arts and crafts sessions are held the second and fourth Tuesdays of each month. The Sept. 14 Arts and Crafts will be held at the City recreation building on "D" St. Club members also meet every Monday at 1:30 p.m. for choral singing.

In addition sight seeing cultural tours are scheduled throughout the year for club members.

Shourds, a retired educator, has been club president for the past three years. He is also vice president of the American Association for Retired Persons.

He devotes the bulk of his time planning club activities and writing a monthly bulletin. He takes a personal interest in the well being of each of the 300 members and considers himself a "friendly rival" of all other clubs for senior citizens.

"We may be retired," he says tongue-in-cheek, "But we ain't tired. We still got plenty of get up and go. And it is the business of the Club to prove that life can still be fun after fifty."

### Christian Science

UPLAND -- What is the connection between healing and salvation?

This is a question to be explored in the Lesson-Sermon on "Matter" at Christian Science church services Sunday.

Services start at 11 a.m. at First Church of Christ, Scientist, 1429 No. Euclid Ave. All are invited and child care is provided.

### To attend retreat

UPLAND -- Two Pastors of the Upland Church of the Nazarene will attend the annual Pastor's Retreat of the Southern California district at Warner Springs, Monday through Wednesday, Sept. 20-22.

The Rev. Irving Sullivan and Rev. Grayson Lucky will join pastors from the 87 other Nazarene churches of the Southern California.

Principal speaker will be Dr. Nicholas A. Hull, Orange, district superintendent. He will outline plans for the coming year.

Looks good!

Mrs. Elmer Coleman looks pleased with her first shot although her husband, Elmer, does not look too sure. In background Tony Vacarro gives his approval. The Colemans introduced shuffleboard to Fun After Fifty club members six years ago. More than twenty members now play in Upland Memorial Park three mornings each week.

Thanking Mr. Johnson

Howard Johnson, center, vice president and director of Ramada Inns, Inc., took time out from a busy schedule for a stop-over at Orange County Airport to talk to representatives of the West End Boys' Clubs. Joseph Parker, left, executive director, and Ted Mann, right, third vice president of the board of directors, presented Johnson with a plaque of appreciation for his gift of boxing gloves and soccer balls to the three West End Boys' Clubs' branches.

### Life can be fun

Mr. and Mrs. Wilbur J. "Bill" Shourds pause in Upland Memorial Park for a little old fashioned "fun" after a meeting of the Upland Fun After Fifty Club of which Shourds is president. A strong advocate of fresh air for good health, Shourds holds all club activities in the open air at the park.

### Paying the piper

True to the old adage "When you dance you have to pay the piper," senior citizen Elmer Coleman sweeps up the shuffleboard courts in Upland Memorial Park after the Senior Citizens use them three times a week.

## I can do it

I can do it myself, says Crystal Franklin, 4, a model in August 30 fashion show Fall Fantasies for the Younger Set, as Jack Atwood, narrator of the show, comes forward to give her a hand. Crystal is a member of Sharon Eckert's Golden Nuggets Baton Corps who modeled back to school fashions from J. J. Atwood Co. Proceeds from the show, which was held at the Upland Women's Club, go to the Golden Nuggets Baton Corps, who march in approximately 12 parades a year. Girls range in age from two to fourteen.

# Highway transportation to be reviewed at meetings

SACRAMENTO -- As a part of highway studies requested by the California Legislature in 1969, a series of meetings are being conducted throughout the state. The purpose of these meetings is to review and determine, for later submission to the legislature, recommended criteria of a uniform nature for establishment of jurisdictional responsibility for the various portions of California's highway transportation system.

At these public hearings a new concept will be discussed as it relates to California's highway system. The new concept is essentially one of determining jurisdiction-

al responsibility for each element of the highway network on the basis of the type of public service (function) it provides.

At the public hearings comments will be solicited from individual citizens and the local agencies concerning the various items.

For the convenience of the public, meetings in the San Bernardino-Riverside County area will be held in four cities. A local hearing will be held Sept. 23 at 2 p.m. at the Riverside City Public Library auditorium, 3581 Seventh St., Riverside.

Written and oral statements from any interest-

ed persons or groups will be received at the hearings for entry into the official transcripts.

Upon conclusion of the hearings a report with final recommendations will be prepared and submitted to the State Legislature by Director of Public Works Moe early in 1972. This report will comply with special study requested by the legislature in 1969 and fulfill requirements of Sec. 256 of the Streets and Highways Code calling for periodic review of the state highway system, including recommended additions and deletions.

### Hunter Safety course slated

LA VERNE—A Hunter Safety Training Course is scheduled by former Police Chief Harvey Case, beginning Saturday, Oct. 2, at 9 a.m. at the La Verne Police Station. The three-week course will be held on succeeding Saturdays, concluding Oct. 16, with each session lasting about two hours.

Case, who has been conducting the course for the past 12 years here, said that the classes would be limited to a few students on a first-come, first-served basis. He explained that with the exception of people instructed in the uses of

fire arms during the past three years, and some U.S. personnel, all persons who wish a hunting license for the first time this year must take this training course.

Case said the course actually trains in the use of all firearms. A small fee is charged to defray costs of ammunition, etc.

The La Verne Lions Junior Rifle Club assists in the training. Case has been affiliated with the National Rifle Association and the La Verne Junior Rifle Club since 1947. He has had FBI training at Quantico, Va., and on a local basis.

Then there's the afternoon free entertainment program with kitchen bands, games, contests and a drawing for valuable prizes including a "trip to somewhere," which

last year was a three-day visit to Las Vegas.

Another bonus is the evening free grandstand show which will feature Polack Bros. Circus and, as an added attraction, the famed Royal Canadian Mounted Police Musical Ride.

## WV Women

WALNUT-The September meeting of the Walnut Valley Women's Club will be held on Monday, Sept. 20 at the home of Mrs. Jerome Scritsmier at 7:30 p.m.

This meeting is the first evening meeting held by the club and is being scheduled so the members that work during the day may have the opportunity to attend a business meeting.

Final plans for the Annual Walnut Valley Fiesta will be made and work sheets for the day's activities will be distributed to all members.

This year the club is blending the heritage that we all have received from the early Californians with the great heritage of our Nation and will present the "Americana Fiesta" for the people of the community on Saturday, Sept. 25 at Suzanne Park.

Summer activities for the club included craft and drama classes at Charter Oak Foundation, a Drama Night with productions by club members and girls from the Charter Oak Foundation and a Salad Luncheon and Card Party.

Women in Walnut who are interested in community service are urged to contact Mrs. A. F. Anzlovar, membership chairman at 595-0537.

## DB Juniors

Their theme for 1971 is "The World Around Us." A luncheon and swim party highlighted the event. The main attraction was a cake decorated with the map of the world to carry out the theme.

Year books and program booklets were distributed to members. The year book outlines the activities of the year based on the theme and that of International which is, "Life Begins at Forty."

The program booklet entitled "Conduct, Expression and Purpose" defines the cultural programs to be held throughout the year.

## Upland Coin Club

## Delta Beta Pi

ROWLAND HEIGHTS-December through March is considered "flu season." In order to offer Rowland Heights and surrounding community residents the best available protection from influenza during the 1971-72 season, Delta Beta Pi, Chapter of Beta Sigma Phi, is conducting its annual flu immunization clinic.

A highly purified influenza vaccine with a low incidence of reaction will be used at a cost of \$2 per shot.

The immunizations are scheduled to be given Saturday, Sept. 25, from 9 a.m. to 2 p.m. at Farjardo Elementary School, 18550 Farjardo Ave., Rowland Heights, in the school cafeteria.

Everyone is urged to participate in this worthwhile clinic to help prevent another flu epidemic. For further information call Robin Schroeder, 964-4040.

## Savings and Loans finance over half the homes in this country

by Lewis S. Eaton, Vice President  
United States Savings and Loan League

We've been committed to helping American families buy homes for over a hundred years.

Take the last three years, for example. Three years when money was tight. Three years when mortgage money seemed to be drying up.

1967: Savings and Loan Associations supplied 56% of the total mortgage loans made, providing 17.8 billion dollars.

1968: Savings and Loan Associations supplied 58% of the annual total, providing 19 billion dollars.

1969: Savings and Loan Associations made 59% of the total, providing 18.9 billion dollars for home mortgages.

And our commitment will be honored this year, too, by providing over half the home mortgage money.

We're facing the future with confidence. We have good reason.

The Savings and Loan industry has currently invested over 150 billion dollars in residential home mortgages.

And we did it by encouraging thrift. By employing the savings of our 45 million depositors—investing and re-investing in home mortgages.

Over the years, in fact, more than 90% of Savings and Loan investments have been in loans on residential properties.

When it comes to home financing, Savings and Loan Associations will continue their leadership.

Because—we're committed to it.

We might ask, "Where would our housing supply be if there were no Savings and Loan Associations?"

# EUREKA !!!

## IT'S A GREAT DAY FOR THE VICTIMS OF EMPHYSEMA, CARDIAC, ASTHMA, SINUS, HAY FEVER AND BRONCHIAL AILMENTS

As long as MAN desires to DOMINATE the EARTH and FEAST upon its FREE GIFT BEARING YIELDS he places himself in OBLIGATION to his PREDECESSOR as to EQUAL and GREATER BENEFITS than he had, but this OBLIGATION is NOT being fulfilled, as a matter of fact MAN is BUILDING the LARGEST GARBAGE SATELLITE in the UNIVERSE—from DEBRIS under foot to POLLUTED WATER and AIR—is this part of the EARTH'S CIVILIZATION construction plan? If so—MAN is doing an EXCELLENT JOB, I would hate to think this could be any part of the plan—however, I do feel that this POLLUTION has been and is being made by MAN with "I DON'T CARE ATTITUDES"—I will not believe IGNORANCE is the REASON MAN is far too INTELLIGENT, the fact that MAN put MAN on the MOON knocks out the possibility of IGNORANCE as a REASON or EXCUSE. We MUST DESIGN a way to live WITHOUT MAN made POLLUTION—if not CIVILIZATION will destroy CIVILIZATION leaving only VEGETABLE TO SURVIVE.

Meanwhile OUR company and full staff are doing whatever it takes to EDUCATE, LEAD and DIRECT the PEOPLE to BUY a SYSTEM that WILL UNPOLLUTE the AIR YOU BREATHE in YOUR home or even at business—the sooner you REALIZE your HEALTH is the only thing that COUNTS the sooner you WILL do something about it—OR WILL YOU WAIT UNTIL IT IS TOO LATE? It is understandable that you may NOT be able to do anything about the POLLUTION "out-of-doors" BUT there is NO REASON or EXCUSE for NOT doing something about it IN your HOME ESPECIALLY since the NECESSARY equipment needed to UNPOLLUTE the AIR is available in MANY forms and in MANY price brackets and EASY NO MONEY DOWN FINANCING.

MAKE up YOUR mind NOW TO-DAY to CALL and ask for a FREE SURVEY and HOME DEMONSTRATION—at LEAST you WILL KNOW what you need, what it WILL do for YOU and what the COST will be—in cases where ALLERGIES exist and are a THREAT to YOUR HEALTH, this SYSTEM could be a TAX DEDUCTIBLE investment.

The new Lone Hill Intermediate School is taking shape in San Dimas as the latest addition to the Bonita Unified School District. The building is expected to be ready for occupancy early next January, with Elvin Bartel returning to the district to serve as principal.

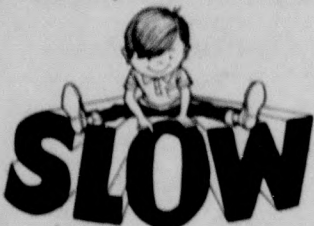

## Safety warning

LOS ANGELES - The schools of Los Angeles County are opening and Sheriff Peter J. Pitchess is asking all parents, students and motorists to exercise extreme caution and to be aware of their individual responsibilities.

Sheriff Pitchess asked motorists to be exceptionally careful when driving in residential and school areas, to be alert and prepared to stop for school buses loading or unloading passengers, to be particularly cautious when passing young bicycle riders or children playing.

Parents are reminded to warn their children not to accept rides, candy, money or presents from strangers; to make sure their children cross streets at marked crosswalks or street corners; that they walk - not run - when crossing, and that the children have proper identification at all times in the event they become lost or are injured.

Pitchess offered the following set of rules which have been prepared by your Sheriff's Department: Ride your bicycle on the right side of the road, in single file; Walk your bicycle across all busy intersections; Obey all traffic laws; use proper arm signals when making turns or stopping; Don't dart out from behind parked cars; Always look carefully in both directions before entering an intersection or making a turn; If you ride at dusk or later, equip your bicycle with headlights and taillights; Don't clown around! You may get hurt, cause an accident, or even be killed.

Among the more unusual offerings are a three-day guided field trip to the Gold Rush country; a 10-week course in hematology; and, a five-night workshop in officiating women's basketball.

## 'Jesus Christ--Superstar' slates one-nighter in SB

SAN BERNARDINO -- Jesus Christ--Superstar, possibly the most controversial stage production to hit the theatrical scene in over 50 years, will play San Bernardino's Swing Auditorium Wednesday night, Sept. 22.

Called a rock opera, it was first presented in an Anglican Cathedral in England, bringing a storm of angry criticism down on the heads of the producer and its composer, Andrew Lloyd Webber and Tim Rice, the lyricist, both Britishers. The cast and the Anglican cleric who permitted the opera to be staged in his cathedral also took a beating. But there were scores who liked what they saw and heard and praised it to the heavens.

Like any other opera, the production has a large cast of singers and performers. The music is played by a 30-piece symphony orchestra and the Swing Auditorium presentation is the only authorized version of the opera.

Performance is scheduled for 8 p.m. Seats are priced at \$5 if purchased in advance and \$6 if bought at the auditorium box office, Mutual Agencies, Ticketron outlets, Sears, Broadway and May Co.

## Circus at fair

POMONA -- To the delight of every child, young and old, the excitement, fun, danger, and suspense of a real circus will soon be here to entertain thousands.

The Polack Bros. Circus will begin its procession of fantasy and frolic Friday, Sept. 17 at the Los Angeles County Fair and continue for ten days.

It is presented free each night at 8 and on Sunday at 2 and 7:30 p.m.

## Mexican border park now open for day use

SACRAMENTO -- State Parks and Recreation Director William Penn Mott Jr. announced that Border Field, the new State Park on the Mexican-California border, is now open for day use.

The 372-acre beach

park with over 6,000 feet of ocean frontage was transferred to the state August 18 by the federal government.

At present, he said, there are chemical toilets and garbage cans.

Access to the park is

from the city of Imperial Beach, Take Interstate 5 to Palm Ave., turn west on Palm to 19th St., then south to Monument Road and west to the entrance gate. Admission is \$1, which will admit a carload for the day.

## State parks closed during winter months

SACRAMENTO -- The State Department of Parks and Recreation announced that the following state park units will be closed for the winter season:

Del Norte Coast Redwoods State Park in Del Norte County -- to camping and day use from November 1 this year through March 21, 1972.

Russian Gulch State Park in Mendocino County -- to camping from November 1 this year through March 15, 1972.

Department Director William Penn Mott Jr. explained that state parks

in the northern redwood region and along the Mendocino Coast are less heavily used during this period, and that by selectively closing a few, the Department can concentrate its services on the others. If necessary, the parks can be reopened at any time, he added.

## State P & R preparing plan

SACRAMENTO - State Parks and Recreation Director William Penn Mott Jr., today announced that the California History Plan is now being prepared, and that contributions to the plan by local governments, historical societies, or individuals are invited.

Mott explained that in accordance with the National Historic Preservation Act of 1966, the plan will be submitted to the National Park Service in Washington D.C. for acceptance and subsequent funding of state and local historical preservation projects. "We expect that approximately \$6 million in federal grants will be available nationally for these projects," Mott said.

When completed, the plan will include a survey and a classification system for historical and archeological sites in California, and will recommend priorities and standards for the preservation of these resources. Those interested in information about the program may contact the California History Plan, State Department of Parks and Recreation, P.O. Box 23-90, Sacramento 95811. Tele. No. (916) 445-4441.

## Chamber music festival

CLAREMONT - Two outstanding pianists will perform a series of selections for two pianos in the opening Bessie Bartlett Frankel Festival of Chamber Music concert of the 1971-72 academic year at Scripps College, Sunday, Sept. 26.

Alice Shapiro and Audrey Grigsby will play the "Bach Concerto in C major for Two Pianos," "Brahms Variations on a Theme by Haydn, Op.

56b," and the "Rachmaninoff Suite No. 2, Op. 17," at 3 p.m. Sept. 26 in Balch Auditorium at Scripps.

An internationally known concert pianist, Miss Shapiro joined the Scripps faculty as the first Artist-in-Residence in 1966. In 1967 she organized the Pacific Art Trio of Scripps College and has been pianist for the Trio since then. Last winter the Trio had a very successful concert tour in

Europe, receiving favorable reviews from critics in Great Britain, Romania, France, Italy and Holland. Professor of Music at Scripps, Miss Shapiro graduated from the Juilliard School of Music where she studied with Oscar Wagner and Rosina Lhevinne. She has toured extensively in the U.S., Canada and Europe, as a recitalist and as soloist with orchestra.

This summer Miss Shapiro and Miss Grigsby, Assistant Professor of Music at Scripps, attended the American Musicological Society meeting in New York City. Miss Shapiro, who spoke to members of the Scripps College Alumnae Assn. in Boston while in the East, received a research grant from Scripps through Ford Foundation funds to investigate, evaluate and learn 20th century trios this summer. She is known for performing contemporary music.

Miss Grigsby, a native of Follansbee, West Va., received her B.A. in Music from San Diego State College and her M.M. in Piano from the University of Michigan. A member of the Scripps faculty since 1967, she has given numerous recitals in the Pomona Valley area and in San Diego. She has soloed with the San Diego Symphony Orchestra and performed at the Palomar Junior College in San Marcos.

The public is invited to attend the piano concert free of charge.

## Casa Colina appoints new clinical director

POMONA - Herbert E. Johnson, M.D. has been appointed clinical director of Casa Colina Hospital for Rehabilitation Medicine, according to an announcement of the Board of Directors of the hospital. Dr. Johnson who for the past year has been associate clinical director at Casa Colina, began his new duties on September 1.

Charles G. Munger, president of the Board of Directors, in announcing the appointment, said, "We are pleased that Dr. Johnson has accepted the appointment as Casa Colina's clinical director. He will lead the medical staff with unusual competence and continue the hospital's high quality of service to the victims of catastrophic disease."

Dr. Johnson's duties with Casa Colina will entail not only the clinical administration of the hospital, but also teaching

responsibilities. He is clinical director at University of California, Irvine, Department of Rehabilitation. In addition to providing total rehabilitative care to those suffering irreversible disease or massive handicap, Casa Colina provides specialized education in rehabilitative processes and techniques for both graduate and undergraduate medical and paramedical students from colleges throughout the country.

Speaking of his new post, Dr. Johnson says: "Casa Colina is most fortunate in having support and direction in the past which has built a highly competent staff committed to the concept that the patient is of primary importance. As far as our plans for the future are concerned, the desires and needs of the area served by Casa Colina will determine our direction."

## BEACHCOMBER'S STEW

for the family on the go

Mothers often like to please the family with one-dish meals from their good 'n traditional pas'. Here's Beachcomber's Stew, an oxtail and vegetable stew, that is still very much a vacation favorite—and one which can be reheated wherever the family happens to be—on the beach (if there's a grill), on board a boat or in the mountains.

Mothers know that flavor, good nutrition, convenience and economy all count, and this stew certainly scores high. Tender oxtail pieces, onion, carrots, celery, green beans, rice and cabbage in tomato sauce will satisfy the family's hearty appetite, their need

for nourishing foods and suit the family budget.

Mothers adapt well to the new—instead of the usual tomato sauce, this stew features the extra-rich canned tomato sauce containing pieces of whole vine-ripened tomatoes, red and cayenne peppers, onion powder and garlic. A natural for stews, casseroles and pasta dishes! This tomato sauce with tomato bits, that's already prepared for you, flavors but never masks the meat and vegetables

and the tomato bits glamorize.

Let your family discover the excitement and heartiness of Beachcomber's Stew this summer. You'll agree that "updating" your favorite stew can lead to delicious results and doesn't take much energy, especially when a can or two of tomato sauce with tomato bits is on hand!

**BEACHCOMBER'S STEW**  
 2 pounds oxtail pieces  
 1 tablespoon vegetable oil  
 6 cups water  
 2 teaspoons salt  
 1 bay leaf  
 2 whole cloves  
 1 onion, thinly sliced  
 ½ cup sliced carrots  
 ½ cup sliced celery  
 ½ cup cut green beans  
 2 tablespoons uncooked rice  
 1 teaspoon thyme  
 1 cup shredded cabbage  
 1 (15-ounce) can Tomato Sauce with Tomato Bits  
 ¼ teaspoon sugar

Brown oxtails in oil in heavy kettle. Add water, salt, bay leaf and cloves; heat to boiling. Simmer, covered, about 3 hours until meat begins to fall from bones. Remove bones and meat, bay leaf and cloves; skim excess fat. Measure broth, add enough water to measure 4 cups. Return to kettle with onion, carrots, celery, beans, rice and thyme; simmer 20 minutes. Meanwhile remove meat from bones; add meat to kettle with cabbage, tomato sauce with tomato bits and sugar. Simmer 15 more minutes. Makes 6 servings.

To skim broth, let stand a few minutes until fat settles on top or allow to chill overnight for easier removal of fat.

## Many returning lettermen headline LVC football team

### Off and running

Members of the Rowland High School Cross Country Track Team in training are pictured, from left, Bob Lawson, Rick Lozano, team captain, Craig Sullivan, Steve Jones, Mike Caldera and Rick Macis. During the summer the team ran 9 to 12 miles a day. With the start of school they have two workouts a day scheduled. In competition last year, the varsity team placed 4th in the CIF finals and took 1st place honors in their league. Varsity team members are Lawson, Lozano, Jones and Caldera, Macis and Sullivan are on the Junior Varsity Team.

### Soccer squad planned for LV College--maybe!

LA VERNE - If Lady Luck smiles at Muhammad Ashfra this week, he may return the friendly gesture in mid-November.

Ashfra has inherited the tough job of putting together La Verne College's newest intercollegiate team--a soccer squad.

Ashfra, a physical education instructor in the Bonita Unified School District for four years, is optimistic even in the face of his enormous task.

With practice scheduled to begin this week, he smiles, "I've already found one player. And he says he knows a couple of other foreign students who understand the game."

It takes 11 players to field a team, and Ashfra is hoping to have a squad of at least 16.

The Leopards 12-match season opens Sept. 25 against the University of Redlands. To meet Southern California Intercollegiate Athletic Conference requirements, La Verne has to field teams in nine sports this year. The school is

rejoining the conference after an absence of almost 30 years.

Ashfra's obvious confidence stems from his background. He came to the United States seven years ago from Pakistan where he played many seasons of soccer, winning acclaim for his skills.

He captained his squad a number of years in the Class "A," or "major leagues" of soccer in Pakistan.

When he came to the United States, Ashfra went to Brigham Young University, where he played on the soccer team for three years. He also earned his Masters of Education degree at the Utah school.

Following the Redlands match, the La Verne schedule includes: at Cal Tech, Oct. 2; Pomona, Oct. 6; Claremont Men's College, Oct. 9; Whittier, Oct. 13; Redlands, Oct. 20; Occidental, Oct. 23; Cal Tech, Oct. 27; at Pomona, Oct. 30; at Claremont Men's College, Nov. 3; and at Whittier, Nov. 6.

### Limited Rose Bowl tickets to be drawn

PASADENA -- A limited number of tickets for the 1972 Rose Bowl football game in Pasadena will be made available to the general public during the coming four weeks.

The Pacific-8 and Big 10 conferences, competitors in the 58th renewal on Jan. 1, 1972, recently authorized the Pasadena Tournament of Roses Association to conduct a public sale drawing between Sept. 15 and Oct. 15 for 3,500 seats. This will be the only public sale.

### Don Halderman to coach Cal Poly cross country

POMONA - Don Halderman, an assistant coach for the last two years, has been appointed interim cross country coach at Cal Poly, Pomona.

Halderman replaces Tom Rupp.

Joining Halderman as an assistant coach this season will be former Bronco star Phil Ryan. The 48-year-old Halderman was an outstanding hurdler for USC during the early 1950's. He was on the U.S. track team, which competed in Eng-

land, Ireland, Scotland, and New Zealand in 1950. Halderman also competed in the first Pan American Games in 1951.

While coaching at California High in Whittier, Halderman coached a CIF Championship Team in 1956.

Ryan, a graduate of Cal Poly, was one of the key members of the 1969 cross country team which gave the Broncos their first-ever CCAA championship in cross country.

### Cal Poly cross country competes in invitational

POMONA -- Cal Poly will open its cross country season Saturday morning when it competes in the Long Beach Invitational. The meet is scheduled to get underway at 11 a.m.

Liam Ryan, who was second in the California Collegiate Athletic As-

sociation finals and ninth in the NCAA last year, will lead the Bronco squad into the meet.

Mark Elias, Larry Elejandre, Ian Cummings, Frank Gilbert, Ken Johnson, Phil Morton, David Malin and Jerry Polling are also expected to compete.

LA VERNE - Experience is the word for the 1971 La Verne College football Leopards. More than three dozen lettermen from last season's 5-4 club are returning to coach Roland Ortmayer's team this year.

The Leopards rejoin the Southern California Intercollegiate Athletic conference this season after an absence which dates back to World War II years when a drop in male enrollment forced La Verne to stop sports competition.

Heading the list of veterans are a pair of line-backers.

Both Rich Martinez, 185, and Harold Roach, 180, received National Association of Intercollegiate Athletics recognition last year.

"They're two of the country's fine small college players at their position," said Ortmayer. Both are seniors and are heading up a defensive secondary with all seniors except for 160-pound junior Lou Randall.

Randall and Jim McNamara, 170, are the two cornerbacks, and at the

important safety positions Ortmayer has a pair of speedsters, Biff Green, 175, and Ted Robinson, 170, each hold school track records and they are the two fastest men in the secondary, Ortmayer said.

Pat Houlihan, voted the team's most valuable defensive lineman in 1970, is back to anchor the front wall. He'll be aided by tackles Joe Davalos, 235, and Dana Coleman, 240. All three are juniors and Coleman is the only non-letterman expected to break into the starting defensive lineup.

Ted Pierce, a 210-pound junior and senior Hank Moore, 225, are the defensive ends.

Ortmayer's offensive squad also boasts only one non-lettered starter on the "prospective first team." He's Scott McDonald, a 215-pound junior tackle. At the other tackle is Pete Sartor, who is only a sophomore.

Jeff Button is also a sophomore letterman, and at 175 pounds will be one of the smallest interior linemen on the squad. The other starting guard is Kirk Workman, a 200-

pound senior. Junior Tim Hartnett is "an outstanding blocker and our team leader," says Ortmayer. "He's a third-year letterman, and the standout on our offensive line." He weighs in at 215.

Three returnees will vie for the starting quarterback call in the eight-game schedule. Jim Nottingham, a junior, and Ken Lipkin, a sophomore, seem to have the inside tracks over Don Clague as the season approaches.

"We expect Jim Muscato is ready to have a great year as a senior," says Ortmayer. The running back led the team in rushing in 1970.

John Gordon, a 185-pound junior, will hold down the other running back slot to start the season, and Craig Bowser, 170, senior, is expected to give some running and pass catching help.

"Bowser has exceptional hands and quick moves," Ortmayer said. The ends are Monse-

strada, 185, junior, and sophomore Ralph McDaniel at 165.

Other returning lettermen are Gary Stutzman, Mike Wood, Paul Allen, Jeff Jall, Vince Lee, Paul Mock, Chris Hawks, George Jaeger, Joe Keeney, Dave Soden, and Dennis Wolf, all of the defensive squad.

Dan Horner, Gary Holway, Tom Edwards, Tim Smith, Tony Perez and Bill Kietly are veterans of the offense.

The La Verne schedule this season includes home games with St. Mary's, Oct. 2; Cal Lutheran, Oct. 16; University of San Diego, Oct. 30; and Claremont Men's College, Nov. 6. All home games begin at 1:30 p.m.

The away schedule finds the Leopards at Whittier Sept. 25; at Claremont against Pomona College Oct. 9; Azusa Pacific, Oct. 23; and at University of Redlands, Nov. 13.

## Season grid opener sees Broncos ready but hurt

POMONA -- Cal Poly, Pomona, is ready to open its 1971 football season Saturday afternoon against Southern Utah State College in Cedar City, Utah.

But the Broncos, who are coming off a 5-5 season last year, will enter the contest with a variety of bumps and bruises. "We suffered a lot of injuries during practice week," revealed head coach Roy Anderson.

"Right now it is hard to tell if everyone will be ready."

Heading the list of injuries are quarterback Jack Surina, halfbacks John Cain and Greg Cruz, center Mike Roy, defensive backs Ed O'Connor and Ron Brewer, while Craig Hayes and Andy Hernandez are also hurt. "Surina will be in there," noted Anderson. "He suffered a strained neck but he should come around." Phil Steffen, who was third in the NCAA in punting average (43.0) last year, is the backup quarterback, but

he has not had game experience.

Either will have no difficulty in finding receivers as John Wiegmann and Mike Harrison are scheduled to start along with tight end Wayne Gross.

Wiegmann and Harrison were the top two pass catchers in the California Collegiate Athletic Association last year.

Handling the ball-carrying duties will be Pat Ward and Jim Duffy, who both saw action last year.

But John Cain, Poly's leading rusher last season, will miss the Southern Utah game and, possibly many more. He suffered a knee injury in 1970 and has not been able to practice.

On defense, Anderson had been very pleased with the way Poly's front four have performed.

"Our defensive backs have been hurt and how they will play is hard to tell," Anderson commented.

Southern Utah has had success passing in the past and their new quarterback, Andy Gawaldo, throws well while also running the option play well.

"It's hard to tell what Southern Utah will do," Anderson revealed. "But we saw them in the spring and last fall. We'll be prepared either way."

The 1:30 p.m. contest will be the first ever meeting between the two schools.

### Little league slates meeting

LA VERNE - The La Verne Little League will hold a general meeting Thursday, Sept. 16, at 7:30 p.m. in the Community Building, 1550 Bonita Ave.

Remaining tickets are handled by the participating schools.

Persons interested in purchasing tickets should send a postal card containing name and mailing address to "Rose Bowl, Box 1800, Pasadena, Ca., 91109." The card may be sent from any post office. Letters are not acceptable and no money should be mailed until requested. "Winners" will be mailed applications entitling them to purchase two tickets.
